In the space below, in 100 words or less, tell why you think you would be one of the best people for the job. Talk about your personality, experience, and commitment to doing a good job.

I understand that if I am chosen to work as a student helper that my school and homework must be consistently well done, and that my behaviour must be appropriate and positive at all times, both at school and at home. I also understand that if my work and attitude are not maintained, that I may be asked to take a break for a week, or perhaps I may be asked to give up my job. I also understand that it is important to be on time for my weekly duty, if I can't make my shift, I will inform the teacher in charge.
