

# Family Day

by Thomas

Our family of five consists of my two sisters, my Mom, my Dad, and myself. Our family mostly stays home and there is where we most often do things. Sometimes our family will cook dinner together and do things like that. An interesting fact about our family would be that our family is from Japan and Germany.

My family's favorite thing to do together would be to travel places such as Toronto or Montreal.

The ideal plan for our Family Day would be to have a nice dinner somewhere. Maybe even if we win we could use the free dinner on Family Day.

In conclusion, I believe that my family deserves to win because I think that our family deserves a break and they work very hard to me food, a house and things like that so if we go out to dinner from winning this that will make them very happy.
